

Amroha International Society

This biennial newsletter provides information about the latest activities of the Amroha International Society and shares the stories and news of its members.

EDITORIAL

Amroha International Society has had a successful start to the year with our blanket distribution and eye camps.

We are delighted to reconnect with the Venu Eye Institute in New Delhi, a long-term partner, after a break in eye camps due to COVID-19. The January eye camp was postponed due to unavoidable circumstances; however, we successfully rescheduled and held it in April, providing much-needed eye care to many individuals. I am also pleased to inform you that our next eye camps are scheduled for September and December.

Our annual blanket distribution for the most disadvantaged took place in January and was a great success. Despite the high demand exceeding our budget, we managed to distribute as many blankets as possible.

Many thanks,
Ikram(Ike) Naqvi

EYE CAMP

We held a highly successful eye camp on April 23. Out of 210 registered participants, 27 were referred for cataract surgery at the Venu Eye Hospital in New Delhi. Over a hundred individuals received free eye tests, and free medications were provided for minor eye issues.

BLANKETS

In January, we conducted our annual blanket distribution for those in greatest need. Despite our budget constraints, we were able to distribute significantly more blankets than anticipated.
